## TECH INSPECTION & IMPOUND

Reminder: CCS will requires all entrants to bring their Vehicle logbook along with your helmet to CCS registration to have the race weekend logged in their logbook and give the CCS the opportunity to verify 2020 Vehicle/safety gear is current. You will be given a roll bar sticker that must be applied to the roll hoop and be visible to workers and FRP officials. If you need an annual tech, please see below.

Our tech is primarily safety related as we expect you to bring a legal car to the weekend.

*Please note that you will be required to have a valid and current SCCA annual tech prior to taking the track.*

*The CCS is very fortunate to have an SCCA tech of our own, Ray Carmody and assisted by Desmond Ennis.*

- **Tech:** available on Wednesday 6pm to 9pm and Thursday, 8am to 3pm. Please contact Ray Carmody or Dave Thompson if you need you annual completed.
- **Scales:** Available in the main garage both Thursday and Friday and throughout the weekend.
- **Impound:**  
**Qualifying-** Top 3 drivers of each class  
**Race-** Top 3 from each class for each Race session.
- All competitors must meet the licensing requirements noted in the CCS Rules and Regulations.
- For more details visit <https://challengecupseries.com/about/tech-info/>

## **DRIVERS MEETING**

We generally have our drivers' meetings prior to our first on track session and attendance by all drivers is mandatory. Drivers meeting will be held at the Carmody Race trailer. **Details for this may change due to track and FRP Covid-19 distance requirements.**

**Drivers meeting for Carolina will be Friday 4/2/2021 at 7:15am prior to our first on track session (Subject to change) at the Carmody Racing Trailer. If you miss the meeting for any reason, please see a CCS Board member for details.**

## **WEEKEND PROCEDURES**

Try to be early to the false grid. For practice, the lineup is first come, first served. Please review our flagging rules in the CCS Rules and Regulations Document Page 8,9 & 10 section 6.0 before the event. Be sure to take an installation lap or two to familiarize yourself with the flagging stations.

**CREDENTIALS:** Credentials will be provided for driver, entrant, and up to four crew members at FRP registration. A signed waiver or annual SCCA "hard card" is required to receive a credential. Credentials are required to gain access to the track and must be worn at all times. Driver or entrant must provide the names of each person receiving a credential and those authorized to purchase over crew passes. Proof of age and identity is required.

**Course Details: 2.27 miles in length with 14 corners. See track map below.**

**FLAG RECOGNITION:** Drivers should know and understand all flags, please familiarize yourself with each corner station during your first on track session.

**SPLIT STARTS:** Split starts may be used at the discretion of the Stewards but may be requested by the competitors in the group. Start judges may be used.

**GRID: See track map for details!** Challenge Cup Series officials will be on the grid staging all cars. Late cars may be stopped & held at Pit Out until they can be safely released, Cars will be placed in their qualified spot until the 1 minute mark, so long as it will not disrupt normal operations and does not create a safety hazard as determined by the Grid Marshal. If multiple cars arrive with minutes left before release, they may not be placed in their assigned grid spot. Be early!

**Womer Race Cars**

#### RACE STARTS:

1. No tire scrubbing in Pit Lane.
2. Pace Car speed will be approximately 55-60 MPH.
3. Start formation is 2 x 2 as determined by qualifying times.
4. Lights out on Pace Car signals form up 2 x 2.
5. Creating a gap to the pace car or another competitor is not permitted. All cars must maintain pace car speed until Green flag is displayed.
6. If the start is waved off double yellow flags will be displayed and **NO START** announced to teams over series radio frequency. Cars to reform for 2x2 start next time by.
7. Passing is allowed when green flag is displayed.

#### RESTARTS:

1. Safety Car speed will be approximately 55-60 MPH.
2. Lights out on Pace Car signals "green flag this time by".
3. Creating a gap to the safety car or another competitor is not permitted.
4. If the start is waved off double yellow flags will be displayed and **NO START** announced to teams over series radio frequency.
5. Single file - when Safety Car pulls off the leader controls the pace.
6. Passing is allowed when green flag is displayed.

#### Pit Lane speed limit is 45 MPH

**BLEND LINES:** Observe and respect the blend lines both entering and exiting the pits. Penalties may be assessed for violations of the blend lines.

**DISABLED ON THE TRACK:** if another race car can reach you, **stay belted in your car** until help arrives and directs you to exit the driver's compartment. Needless to say, this does not apply if you happen to be on fire. Do your best to get the car behind a barrier or near a flag station if possible.

Visor up is the signal driver is OK after incident. Additionally, if you can make eye contact with the corner marshal give them a "thumbs up" signal.

**RADIO FREQUENCY:** FRP requires all teams to monitor our Series frequency and the ability to communicate with their drivers from Pit Lane. FRP has transitioned to digital radios and SpeedCom is our official radio sponsor. Our digital radio frequency is 469.4625 with CC 7. We will re-broadcast through a repeater on our prior analog frequency 461.925 MHz DPL 047.

See online – “SAFEisFAST.com” – excellent discussion on blocking vs. defending.
